Jim, Bob, and Rick

Attached is EPA's cover letter, Identification of Round 3 Data Gaps, and associated tables and figures. A hard copy is also in the mail to Jim and Bob. Will send a second transmittal with the figures. As we have discussed, it is not specific as to sample numbers and locations, and that's the next step. We are looking forward to working with the LWG to get through this process and keep the project on track..

Be sure to call if you have any questions. Hope you have all checked out already and enjoying your weekend.

Chip and Eric
